

## Cheaper to maintain than replace.

Regular maintenance of your DesignJet / Océ plotter / copier will extend its life! Catch problems before they can cause further damage and keep printing quality at its best, allowing you to schedule your costs with no surprises.

Diazo Technical Services is trained by manufacturers to keep your equipment at its peak performance. We use only OEM replacement parts and all work is warranted. Service contracts and extended maintenance packages are available.

### *Your plotter / Copier tired and worn out?*

Parts are available to refurbish equipment as new at a fraction of the replacement cost. Parts are available for all current models and some recently discontinued models.

In an effort to help our customers better maintain their equipment Diazo Products is offering

## ***Summer Service Discount!***

# **20% off** our labour charge.

This offer is valid until **August 29th, 2008**
